(5) An authorized city official who witnesses a person commit a municipal civil infraction shall prepare and subscribe, as soon as possible and as completely as possible, an original and required copies of a citation.

(6) An authorized city official may issue a citation to a person if:
   a. Based upon investigation, the official has reasonable cause to believe that the person is responsible for a municipal civil infraction; or

   a. Except as provided in subsection (c)(7)b. below, an authorized city official shall personally serve a copy of the citation upon the alleged violator.
b. If the municipal civil infraction action involves the use or occupancy of land, a building or other structure, a copy of the municipal civil infraction citation does not need to be personally served upon the alleged violator, but may be served upon the owner or occupant of the land, building or structure by posting the copy on the land or attaching the copy to the building or structure. In addition, a copy of the citation shall be sent by first-class mail to the owner of the land, building, or structure at the owner’s last known address. A citation served in accordance with this subsection for a violation involving the use or occupancy of land or a building or other structure shall be processed in the same manner as a citation served personally upon a defendant.

   (1) A municipal civil infraction citation shall contain the name of the city and the name and the address of the alleged violator, the municipal civil infraction alleged, the place where the alleged violator shall appear in court, the telephone number of the court, and the time at or by which the appearance shall be made.

   (2) A municipal civil infraction citation shall inform the alleged violator that he or she may do one of the following:

      a. 
      Admit responsibility for the municipal civil infraction by mail, in person, or by representation, at or by the time specified for appearance.

      b. 
      Admit responsibility for the municipal civil infraction “with explanation” by mail, in person, or by representation, by the time specified for appearance.

      c. 
      Deny responsibility for the municipal civil infraction by doing either of the following:

         1. 
         Appearing in person for an informal hearing before a judge or district court magistrate, without the opportunity of being represented by an attorney, unless a formal hearing before a judge is requested by the city.

         2. 
         Appearing in court for a formal hearing before a judge, with the opportunity of being represented by an attorney. A party requesting a formal hearing shall notify the court, the city and any other named party or parties of the request at least ten days before the hearing date, which request may be made in person, by representation, by mail or by telephone.

   (3) The citation shall also inform the alleged violator of all of the following:

      a. That if the alleged violator desires to admit responsibility “with explanation” in person or by representation, the alleged violator must apply to the court in person, by mail, by telephone, or by representation
within the time specified for appearance and obtain a scheduled date and time for an appearance.

b. That if the alleged violator desires to deny responsibility, the alleged violator must apply to the court in person, by mail, by telephone, or by representation within the time specified to appear for a hearing, unless a hearing date is specified on the citation.

c. That a hearing shall be an informal hearing unless a formal hearing is requested by the alleged violator or the city.

d. That at an informal hearing the alleged violator must appear in person before a judge or district court magistrate, without the opportunity of being represented by an attorney.

e. That at a formal hearing the alleged violator must appear in person before a judge with the opportunity of being represented by an attorney.

(4) The citation shall contain a notice in boldfaced type that the failure of the alleged violator to appear within the time specified in the citation or at the time scheduled for a hearing or appearance is a misdemeanor and will result in entry of a default judgment against the alleged violator on the municipal civil infraction. Return of the citation with an admission of responsibility and with full payment of applicable civil fines and costs, return of citation with an admission of responsibility with explanation, and with full payment of applicable civil fines and costs, or timely application to the court for a scheduled date and time for an appearance under subsection (d)(3)a. or a hearing under subsection (d)(3)b. constitutes a timely appearance.

(5) If an authorized city official issues a citation as set forth in this section, the court may accept an admission with explanation or an admission or denial of responsibility without the necessity of a sworn complaint. If the defendant denies responsibility for the municipal civil infraction, further proceedings shall not be held until a sworn complaint is filed with the court. A warrant for arrest for failure to appear on the municipal civil infraction citation shall not be issued until a sworn complaint relative to the municipal civil infraction is filed with the court.

(e) Municipal ordinance violations bureau.

(1) The city hereby establishes a municipal ordinance violations bureau (the bureau) as authorized under Section 8396 of the Act to accept admissions of responsibility for municipal civil infractions in response to municipal civil infraction violation notices issued and served by authorized city officials, and to collect and retain civil fines and costs as prescribed by ordinance. The expenses of operating the bureau shall be borne by the city, and the personnel of the bureau shall be city employees.

(2) The bureau shall be located at South Haven City Hall, and shall be under the supervision and control of the city treasurer. The city treasurer, subject to the approval of the city council, shall adopt rules and regulations for the operation of
the bureau and appoint any necessary qualified city employees to administer the bureau.

(3) The bureau may dispose only of municipal civil infraction violations for which a fine has been scheduled and for which a municipal civil infraction violation notice (as opposed to a citation) has been issued. The fact that a fine has been scheduled for a particular violation shall not entitle any person to dispose of the violation at the bureau. Nothing in this section shall prevent or restrict the city from issuing a municipal civil infraction citation for any violation or from prosecuting any violation in a court of competent jurisdiction. No person shall be required to dispose of a municipal civil infraction violation at the bureau and may have the violation processed before a court of appropriate jurisdiction. The unwillingness of any person to dispose of any violation at the bureau shall not prejudice the person or in any way diminish the person’s rights, privileges and protection accorded by law.

(4) The scope of the bureau’s authority shall be limited to accepting admissions of responsibility for municipal civil infractions and collecting and retaining civil fines and costs as a result of those admissions. The bureau shall not accept payment of a fine from any person who denies having committed the offense or who admits responsibility only with explanation, and in no event shall the bureau determine, or attempt to determine, the truth or falsity of any fact or matter relating to an alleged violation.

(f) Municipal civil infraction notices; contents, issuance and service.

(1) An authorized city official may issue and serve a municipal civil infraction violation notice instead of a citation under the same circumstances and upon the same persons as provided for service of municipal civil infraction citations. In addition to any other information required by this section or other ordinances, the violation shall indicate the time by which the alleged violator must appear at the bureau, the methods by which an appearance may be made, the address and telephone number of the bureau, the hours during which the bureau is open, the amount of the fine scheduled for the alleged violation, and the consequences for failure to appear and pay the required fine within the required time.

(2) An alleged violator receiving a municipal civil infraction violation notice shall appear at the bureau and pay the specified fine and costs at or by the time specified for appearance in the municipal civil infraction violation notice. An appearance may be made by mail, in person, or by representation.

(3) If an authorized city official issues and serves a municipal ordinance violation notice and if an admission of responsibility is not made and the civil fine and if any costs, prescribed by the schedule of fines for the violation are not paid at the bureau, a municipal civil infraction citation may be filed with the district court and a copy of the citation may be served by first-class mail upon the alleged violator at the alleged violator’s last known address. The citation filed with the court does not need to comply in all particulars with the requirements for citations as provided by Sections 8705 and 8709 of the Act, but shall consist of a sworn complaint containing the allegations stated in the municipal ordinance violation notice and shall fairly inform the alleged violator how to respond to the citation.
(g) Municipal civil infractions; sanctions, continuing violations, injunctive relief:

(1) The sanction for a violation which is a municipal civil infraction shall be a civil fine in the amount as provided for herein, or established by city ordinance, plus any costs, damages, expenses, and other sanctions, as authorized under Chapter 87 of Act No. 236 of the Public Acts of 1961, as amended, and other applicable laws.

a. Unless otherwise specifically provided for a particular municipal civil infraction violation in subsection (g)(1)c. below, or by city ordinance, the civil fine for a violation shall be $50.00, plus costs and other sanctions, for each infraction.

As used in this section, “repeat offense” means a second (or any subsequent) municipal civil infraction violation of the same requirement or provision (i) committed by a person within any 12-month period (unless some other period is specifically provided by ordinance), and (ii) for which the person admits responsibility or is determined to be responsible. Unless otherwise specifically provided for in a particular municipal civil infraction violation in subsection (g)(1)c. below, or by city ordinance for a particular municipal civil infraction violation, the increased fine for a repeat offense should be as follows:

1. The fine for any offense which is a first repeat offense shall be $250.00, plus costs.

2. The fine for any offense which is a second repeat offense or any subsequent repeat offense shall be $500.00, plus costs.

c. The civil fine for the following specific violations which shall be calculated in addition to other appropriate costs and sanctions, are:

(a) A door, aisle, passageway, stairway, or other means of exit does not conform to the requirements of the fire code.

(b) A portion of the building or structure is damaged by fire, wind, flood, deterioration, neglect, abandonment, vandalism, or other cause so that the structural strength or stability of the building or structure is significantly impaired and the structure does not meet the minimum requirements of the building code of the city involving structural integrity.

(c) A part of the building or structure is likely to fall, become detached or dislodged, or collapse and injure persons or damage property.

(d) A portion of the building or structure has settled to an extent that walls or other structural portions of the building or structure have materially less resistance to wind than is required in the case of new construction by the building code.

(e) The building or structure, or a part of the building or structure, because of dilapidation, deterioration, decay, faulty construction, the removal or movement of some portion of the ground necessary for the support, or for other reason, is likely to partially or completely collapse, or some portion of the foundation or underpinning of the building or structure is likely to fall or give way.

(Ord. No. 942, 05-01-06; Ord No 1009, Sec 1, 01-20-2014)

(b) The notice shall be served on the owner, agent, or lessee that is registered with the enforcing agency. If an owner, agent, or lessee is not registered with the Building Inspection Department, the notice shall be served on each owner of or party in interest in the building or structure in whose name the property appears on the last local tax assessment records.

(c) The notice shall specify the time and place of a hearing on whether the building or structure is a dangerous building. The person to whom the notice is directed shall have the opportunity to show cause at the hearing why the hearing officer should not order the building or structure to be demolished, otherwise made safe, or properly maintained.

(d) The hearing officer shall be appointed by the mayor to serve at his or her pleasure. The hearing officer shall be a person who has expertise in housing matters including, but not limited to, an engineer, architect, building contractor, building inspector, or member of a community housing organization. An employee of the enforcing agency shall not be appointed as hearing officer. The enforcing agency shall file a copy of the notice that the building or structure is a dangerous building with the hearing officer.

(e) The notice shall be in writing and shall be served upon the person to whom the notice is directed either personally or by certified mail, return receipt requested, addressed to the owner

The notice shall be served upon the owner or party in interest at least 10 days before the date of the hearing included in the notice.

(Ord. No. 942, 05-01-06; Ord No 1009, Sec 1, 01-20-2014)

Sec. 10-226. Hearing.

(a) At a hearing, the hearing officer shall take testimony of the enforcing agency, the owner of the property, and any interested party. Not more than 5 days after completion of the hearing, the hearing officer shall render a decision either closing the proceedings or ordering the building or structure demolished, otherwise made safe, or properly maintained.

(b) If the hearing officer determines that the building or structure should be demolished, otherwise made safe, or properly maintained, the hearing officer shall enter an order that specifies what action the owner, agent, or lessee shall take and sets a date by which the owner, agent, or lessee shall comply with the order. If the building is a dangerous building under the provisions of this Ordinance, the order may require the owner or agent, to bring and maintain the exterior of the building and adjoining grounds into compliance with Sections 30-91 and 30-92 of the South Haven City Code.

(Ord. No. 942, 05-01-06; Ord No 1009, Sec 1, 01-20-2014)

Sec. 10-227. Appeal to Construction Board of Appeals.

(a) If the owner, agent, or lessee fails to appear or neglects or refuses to comply with the order issued under Section 10-226(b), the hearing officer shall file a report of the findings and a copy of the order with the construction board of appeals not more than 5 days after the date for compliance set in the order and request that necessary action be taken to enforce the order. A copy of the findings and order of the hearing officer shall be served on the owner, agent, or lessee in the manner prescribed above.

(b) The construction board of appeals of the city shall set a date not less than 30 days after the hearing for an appellate hearing on the findings and order of the hearing officer. The construction board of appeals shall give notice to the owner, agent, or lessee in the manner prescribed above of the time and place of the hearing. At the hearing, the owner, agent, or lessee shall be given the opportunity to show cause why the order should not be enforced. The construction board of appeals of the city shall either approve, disapprove, or modify the order. If the construction board of appeals approves or modifies the order, the city shall take all necessary action to enforce the order. If the order is approved or modified, the owner, agent, or lessee shall comply with the order within 60 days after the date of the hearing under this subsection. For an order of demolition, if the construction board of appeals of the city determines that the building or structure requires expedited demolition because it has been substantially destroyed by fire, wind, flood, deterioration, neglect, abandonment, vandalism, or other cause, the owner, agent, or lessee shall comply with the order of demolition within 21 days after the date of the hearing under this subsection. If the estimated cost of repair exceeds the state equalized value of the building or structure to be repaired, there exists a rebuttable presumption that the building or structure requires expedited demolition. The owner of a building or structure determined to be in need of expedited demolition may, in writing, waive the
21-day period for complying with the order, consent to demolition by the city, and consent to the city’s lien for the cost of demolition.

(c) After the hearing officer issues an order of demolition, the owner of the building or structure may submit a written petition to the city manager requesting an expedited appellate hearing before the city council. Such petitions shall be placed on the agenda for consideration at the next regularly scheduled meeting of the city council. The owner or his or her representative shall appear at the meeting to show cause as to why an expedited hearing should be granted. The city council may then, at its discretion, vote to conduct the hearing at that same meeting.

(d) The cost of demolition includes, but is not limited to, legal fees and expenses, fees paid to hearing officers, costs of title searches or commitments used to determine the parties in interest, recording fees for notices and liens filed with the county register of deeds, demolition and dumping charges, court reporter attendance fees, and costs of the collection of the charges authorized under this Ordinance. The cost of the demolition, of making the building safe, or of maintaining the exterior of the building or structure or grounds adjoining the building or structure incurred by the city to bring the property into conformance with this act shall be reimbursed to the city by the owner or party in interest in whose name the property appears.

(e) The owner or party in interest in whose name the property appears upon the last local tax assessment records shall be notified by the assessor of the amount of the cost of the demolition, of making the building safe, or of maintaining the exterior of the building or structure or grounds adjoining the building or structure by first class mail at the address shown on the records. If the owner or party in interest fails to pay the cost within 30 days after mailing by the assessor of the notice of the amount of the cost, the city shall have a lien for the cost incurred by the city to bring the property into conformance with this act. The lien shall not take effect until notice of the lien has been filed or recorded as provided by law. A lien provided for in this subsection does not have priority over previously filed or recorded liens and encumbrances. The lien for the cost shall be collected and treated in the same manner as provided for property tax liens under the general property tax act, 1893 PA 206, MCL 211.1 to 211.157.

(Ord. No. 942, 05-01-06; Ord No 1009, Sec 1, 01-20-2014)

Sec. 10-228. Additional remedies.

In addition to the other remedies provided under this Ordinance, the city may:

(a) Bring an action against the owner of a dangerous building or structure to recover the full cost of demolition, of making the building safe, or of maintaining the exterior or grounds adjoining a dangerous building or structure. The city shall have a lien on the property for the amount of a judgment obtained under this subsection. The lien provided for in this subsection shall not take effect until notice of the lien is filed or recorded as provided by law. The lien does not have priority over prior filed or recorded liens and encumbrances.

(1) A judgment in an action brought pursuant to this Ordinance may be enforced against assets of the owner other than the dangerous building or structure.

(2) The city shall have a lien for the amount of a judgment obtained against the owner’s interest in all real property located in this state that is owned in whole or
in part by the owner of the dangerous building or structure against whom the judgment is obtained.

(b) Recover the full cost of demolition of a dangerous building or structure or of maintaining the exterior or grounds adjoining a dangerous building or structure by single-lot special assessment pursuant to Section 72-18 of this Code.

(c) In addition to the remedies above, a person who fails or refuses to comply with an order approved or modified by the construction board of appeals within the time prescribed by the order is guilty of a misdemeanor, punishable by imprisonment for not more than 120 days, or a fine of not more than $1,000.00, or both.

(Ord. No. 942, 05-01-06; Ord. No. 986, 09-21-2010; Ord No 1009, Sec 1, 01-20-2014)

Sec. 10-229. Appeal to circuit court, scope of appeal.

(a) An owner or party in interest aggrieved by any final decision of the construction board of appeals may appeal the decision or order to the Circuit Court for the County of Van Buren by filing an appeal within twenty one days from the date of such decision. Upon appeal the Circuit Court shall review the record and decision of the board of appeals to ensure that the decision:

1. Complies with the constitution and laws of the state.
2. Is based upon proper procedure.
3. Is supported by competent, material, and substantial evidence on the record.
4. Represents the reasonable exercise of discretion granted by law to the board of appeals.

(b) If the court finds the record of the construction board of appeals inadequate to make the review required by this ordinance, or that there is additional evidence which is material and with good reason was not presented to the construction board of appeals, the court shall order further proceedings before the construction board of appeals on conditions which the court considers proper. The construction board of appeals may modify its findings and decision as a result of the new proceedings, or may affirm its original decision. The supplementary record and decision shall be filed with the court.

(c) As a result of the review required by this section, the court may affirm, reverse, or modify the decision of the construction board of appeals.

(Ord. No. 942, 05-01-06; Ord No 1009, Sec 1, 01-20-2014)

Sec. 10-230. Orders issued prior to the sunset of Ordinance 942.

Any order issued by a hearing officer or by the construction board of appeals prior to May 1, 2014, shall remain in effect and shall be treated as if issued under this Ordinance.

Sec. 10-231--10-241. Reserved
ARTICLE X. SHORT-TERM RENTALS

Sec. 10-241. Purpose.

The City Council finds that the short-term rental of dwellings and dwelling units within the City of South Haven is a matter closely connected with the public health, safety and welfare of the community. The City Council has enacted this regulatory ordinance in an attempt to strike an appropriate balance between the interests of community residents, community business owners, visitors to the community, and real property owners wishing to engage in short-term rental of dwellings and dwelling units.

While visitors to the community who rent dwellings and dwelling units on a short-term basis bring many benefits to the community, they can simultaneously create concerns surrounding issues of traffic, parking, congestion, litter, noise, and other similar issues. Meanwhile, issues related to fire safety and life safety codes must be considered in order to maximize the safety and well-being of all in the community. This article is intended to strike the appropriate balance between competing interests.

In striking that balance, the City Council finds that residential properties are primarily situated in single-family residential neighborhoods which are significantly different in character from the mixed-use areas of the City. Residential neighborhoods and mixed-use areas have different tolerances and expectations regarding sounds, parking, congestion, privacy, entertainment, and other activities.

The City Council finds that there is decreased sensitivity to larger occupant loads within the mixed-use areas of the City, given the comparatively larger lot sizes, increased spacing between structures, louder average noise levels, and greater amounts of available parking, compared to conditions existing in single-family residential neighborhoods.

For these reasons, the City Council has determined that mixed-use areas of the City are more appropriate for higher numbers of occupants to be allowed in dwelling units during a short-term rental compared to the single-family residential neighborhoods of the City.

Funeral directors must present the necessary burial or transit permit, as required by state law.
Sec. 18-82. Saturday service and interment.

Sec. 18-83. Charges and fees for services.

Charges and fees for services shall be as recommended by the commission and approved by the council.

Sec. 18-84. Cessation of construction work during funeral; enforcement.

All cemetery work in the general area of a funeral shall cease while the funeral is being conducted. All trucks and workers shall withdraw a reasonable distance from the location of the funeral. The cemetery superintendent shall have the authority and discretion to enforce this section.

Sec. 18-85. Conduct of business prohibited on Sundays and holidays; exceptions for interments, additional charge.

Interments, disinterments, removals or cremation interment services are prohibited on Sundays or any of the following holidays: New Year’s Day, Memorial Day, Independence Day, Labor Day, Veteran’s Day, Thanksgiving Day, day after Thanksgiving, one-half day before Christmas, Christmas Day, and any additional holidays specified in a collective bargaining agreement covering city employees working in the cemetery. Should any such holiday fall or be legally observed on a Saturday or Monday, funerals shall be conducted on the last business day preceding or first business day following such legal observance; provided, however, if an interment must be made on a Sunday or a holiday because of health department requirements, religious tenets, or if for any other reason, an additional fee recommended by the commission and approved by the city council shall be added to the regular interment charge.

Sec. 18-86. Interments--Time and fees.

Notice of an interment must be given to the cemetery sexton at least 24 hours in advance of the proposed interment. One week’s notice is required prior to any proposed disinterment or removal. The cemetery sexton may delay an interment until a more expedient time if the funeral party arrives at the cemetery entrance after 3:30 p.m., or if two or more funeral parties arrive at the same or approximately the same time. For a Saturday interment, an additional fee recommended by the commission and approved by the city council may be added to the regular interment charge.
Sec. 18-87. Same--Verbal orders.

Neither the commission, the cemetery superintendent, nor any city employees working in the cemetery shall be held responsible for following or refusing to follow any order given by telephone, or for any mistake caused by the lack of precise and proper instructions as to the particular space, size and location in a lot where interment is desired. Orders given by the funeral director for the opening of a grave will be construed as orders from the lot owners or heirs.

Sec. 18-88. Same--Correction of errors.

(a) The cemetery superintendent and city employees working in the cemetery shall have the right to correct any errors pursuant to interments, disinterments or the description, transfer or conveyance of any interment property.

(b) When an interment is to be made in a lot, the location of such interment shall be designated by the lot owners or heirs. The cemetery superintendent may reject any proposed location of interment if he deems that such location would not be consistent with the appearance of surrounding lots. Should the lot owners or heirs not make an accepted designation, the cemetery superintendent shall have the right to designate the location of the interment. No damage liability shall attach because of any error made by the cemetery superintendent in so designating the location of interment.

(c) All interments, disinterments, removals and cremated interments shall be performed by city employees.

Sec. 18-89. Same--One per grave; exceptions.

Unless specifically provided to the contrary, only one interment is permitted per grave in the cemetery and the interment of more than one body per grave is prohibited. Exceptions to this rule are: a mother and her infant if interred at the same time, and two sibling infants if interred at the same time. Further, more than one person’s cremated remains may be interred in a single grave. However, only one memorial may be used to identify the persons interred in one grave, and the memorial shall comply with the dimension regulations for a single grave marker.

Sec. 18-90. Disinterments.

(a) Disinterment or disinterment and removal of a body or cremated remains by any person to allow the lot to be sold, or removal of such body or remains contrary to the expressed wish of the interred or cremated lot owner, is prohibited.
(b) Subject to subsection (a) of this section, a body or cremated remains may be removed from its original lot to a larger or better lot in the cemetery, purchased or otherwise legally obtained for that purpose.

(c) Due care shall be exercised in making a disinterment and removal; however, no damage liability shall be attached to the city for any damages whatsoever including, but not limited to, the casket, burial case or urn from such disinterment and removal.

(d) The charges for any disinterment or removal shall be paid in advance.

(4) Develop long range plans, in cooperation with the agency which is chiefly responsible for planning in the municipality, designed to halt the deterioration of property values in the downtown district and to promote the economic growth of the downtown district, and take such steps as may be necessary to persuade property owners to implement the plans to the fullest extent possible.

ARTICLE II. OUTDOOR GATHERINGS

DIVISION 1. GENERALLY

Sec. 42-26. Purpose of article.

The city council finds and declares that the interests of the public health, safety and welfare of the citizens of South Haven require the regulation, licensing and control of assemblages of large numbers of people in excess of those normally drawing upon the health, sanitation, fire, police, transportation, utility and other public services regularly provided in this city.

(Code 1965, Sec. 17.01)

Sec. 42-27. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Attendant means any person who obtains admission to an outdoor assembly by the payment of money or by the rendering of services in lieu of the payment of money for admission.

Licensee means any person to whom a license is issued pursuant to this article.

Outdoor assembly, referred to in this article as assembly, means any event, attended by more than 500 attendants, all or any part of which includes a theatrical exhibition, public show, display, entertainment, amusement or other exhibition, including, but not limited to, musical festivals, rock festivals, peace festivals or similar gatherings, but does not mean:

1. An event which is conducted or sponsored by a governmental unit or agency on publicly owned land or property;

2. An event which is conducted or sponsored by an entity qualifying for tax exempt status under section 501(c)(3) of the Internal Revenue Code of 1954, being 26 USC section 501(c)(3), as incorporated by reference in section 201 of the Michigan Income Tax Act of 1967, being Act No. 281 of the Public Acts of Michigan of 1967 (MCL 206.1 et seq., MSA 7.557(101) et seq.), as amended; or

3. An event held entirely within the confines of a permanently enclosed and covered structure.

Sponsor means any person who organizes, promotes, conducts, or causes to be conducted an outdoor assembly.

(a) It shall be unlawful for a licensee, his employee, or agent, to knowingly:

(2) Conduct or operate an assembly in such a manner as to create a public or private nuisance.

(b) Any of the violations in this section is a separate offense, is a nuisance per se immediately enjoinable in the circuit court, and is punishable as a misdemeanor by imprisonment for not more than 90 days or by a fine of not more than $500.00, or both such fine and imprisonment. Any such violation is sufficient ground for revocation of the license and for the immediate enjoinder of the assembly by the circuit court.

(b) In a resolution approving an outdoor assembly or other community wide special event, City Council may authorize the service and consumption of alcoholic beverages within City-owned facilities or on City-owned property in beer tents or in other similar temporary structures approved in accordance with this Article. The resolution shall establish the terms and conditions for such service and consumption.

(c) City Council approval of service and consumption of alcoholic beverages at an outdoor assembly or other community wide event shall not be construed to relieve a licensee of responsibility to comply with all other applicable state or local laws, rules, regulations or
ordinances, including the application for and acquisition of a liquor license from the Michigan Liquor Control Commission, if necessary.

(d) The sale and consumption of alcoholic beverages may occur on publicly-owned property only in areas designated in a resolution adopted by the City Council which may be further limited in the approved special events permit.

(e) The City Council shall from time to time adopt policies and procedures to regulate the service and consumption of alcoholic beverages in public in conjunction with a community wide special event authorized under this section. All service and consumption of alcoholic beverages permitted pursuant to this section shall be in accordance with those policies and procedures.

The ground of disapproval of any plat shall be stated upon the records of the planning commission.

(c) *Notice, hearing.* Any plat submitted to the planning commission shall contain the name and address of a person to whom notice of a hearing shall be sent, and no plat shall be acted on by the commission without affording a hearing thereon. Notice shall be sent to the address by registered mail of the time and place of such hearing not less than five days before the date fixed therefore. Similar notice shall be mailed to the owners of land immediately adjoining the platted land, as their names appear upon the records of the city or as their addresses appear in the directory of the city or on the tax records of the city.

(d) *Approval deemed amendment to city plan.* Every plat approved by the planning commission shall, by virtue of such approval, be deemed to be an amendment of or an addition to or a detail of the municipal plan and a part thereof. Approval of a plat shall not be deemed to constitute or effect an acceptance by the public of any street or other open space shown upon the plat.

(e) *Recommendation of amendments to council.* The planning commission may, from time to time, recommend to the council amendment of the zoning regulations or map, or additions thereto, to conform to the planning commission’s recommendations for the zoning regulations of the territory comprised within approved subdivisions.

Sec. 72-1. Applicability.

The making and financing of public improvements by the special assessment method shall be governed by this chapter. All proceedings therefore shall be taken in accordance with the provisions of this chapter, unless a specific provision of a state statute shall require a different procedure in which case the state statute shall govern.

(Ord. No. 833A, Sec. 1, 11-20-95)

Sec. 72-2. Public Improvements; costs.

The term “public improvement,” as used in this chapter, shall include the reconstruction in whole or in part of any structure or work as well as the original construction thereof. The cost of surveys, plans and specifications of a public improvement and all expenses incident to the proceedings for the making of such improvement, the making and collecting of the special assessment therefore and the issuance of bonds in anticipation of such special assessments shall be deemed a part of the cost of said improvement. Whenever any property is acquired by condemnation or otherwise for the purpose of any public improvement, the cost thereof, exclusive of that part of such cost representing damages for injury to improvements to such property and the cost of the proceedings required to acquire such property, may be added as a part of the cost of such improvements. No contract or expenditure, except for the cost of preparing necessary legal or financial consultations and engineering plans and estimates, shall be made for the improvement until special assessments to defray the cost of the same shall have been levied, unless the owners of all of the property in the assessment district petition for the public improvement proposed to be made. Any assessment may be made upon the basis of the estimated cost of the improvement if the actual cost has not been definitely determined.

(Ord. No. 833A, Sec. 2, 11-20-95)

Sec. 72-3. Filing of petition for improvement; contents.

A petition addressed to the Council may be filed with the City Clerk requesting the Council to make a public improvement therein described and to assess the cost thereof, or such part of the cost as the Council shall decide, to benefited lands comprising a special assessment district to be determined by the Council. Any petition so filed shall be on forms approved by the City Manager and shall be signed by the owners of lands having at least fifty percent (50%) of the privately owned frontage abutting upon the proposed improvement. The City Clerk shall not present to the Council any petition not so signed. A purchaser on land contract shall be deemed the owner of such land. Such petition, in addition to the signatures of the owners shall contain a brief description of the property owned, and the printed or typewritten names of the respective signers thereof. The genuineness of the signatures on each petition or part thereof shall be verified by the affidavit of the circulator. Any such petition shall not be mandatory upon the Council, but shall be advisory only, and in no event shall such petition be deemed jurisdictional.

(Ord. No. 833A, Sec. 3, 11-20-95)

Sec. 72-4. Determination by Council; survey and report.

Irrespective of whether or not such a petition shall have been filed, the Council may determine to make any public improvement and to defray any part of the cost thereof by special assessment of lands benefited or to be benefited thereby.
Before any other action shall be taken thereon, the Council shall refer the matter to the City Manager, who shall make and submit to the Council a survey and report setting forth the need for such improvement, the desirable extent and probable cost thereof, the portion of the cost to be borne by the City at large and the portion to be assessed to benefited lands and the lands to constitute the special assessment district to be so assessed. The City Manager shall also prepare or cause to be prepared the plans for such improvement and shall submit the same to the Council, and file a copy with the City Clerk for public inspection.

(Ord. No. 833A, Sec. 4, 11-20-95)

Sec. 72-5. Resolution to proceed; designation of district; hearing; notices.

If the Council shall desire to proceed with the improvements, it shall so declare by resolution and shall designate the special assessment district, what part of the cost of said improvement shall be paid by special assessments against the lots and parcels of land in said special assessment district and what part, if any, shall be paid from the general funds of the City. The Council shall also fix a time and place when it will meet and hear any objections to such improvement and to the special assessment district, at which all person within the proposed special assessment district therefore or who own property therein may be heard. The Council shall cause notice of such hearing to be given by publication thereof in a newspaper of general circulation within the City and also by mailing a copy of such notice to each person owning any land in the special assessment district in the manner and form required by MCL 211.741, et seq., as amended. Such notice shall state that the plans and cost estimate are on file with the City Clerk, shall contain a brief description of the proposed improvement and special assessment district and notify property owners that appearance and protest at the hearing is required in order to appeal the amount of the special assessment to the State Tax Tribunal. At the time of such hearing, or any adjournment thereof, which may be without further notice, the Council shall hear any objections to such improvement and to the special assessment district and, without further notice, may revise, correct, amend or change the plans, estimate and/or district, provided that no property shall be added to the district until notice is given as above provided or by personal service upon the owners thereof, and a hearing afforded such owners.

(Ord. No. 833A, Sec. 5, 11-20-95)

Sec. 72-6. Resolution authorizing improvement; restriction.

After the hearing provided for in the preceding section, if the Council desires to proceed with such improvement, it shall adopt a resolution approving the plans and cost estimates as originally presented or as revised, corrected, amended or changed, determine the necessity to proceed with the proposed public improvement, determine the probable life of the improvement; fix the special assessment district therefore and order the Assessor to prepare a special assessment roll. Provided, however, that if prior to the adoption of the resolution authorizing the making of the public improvement written objections have been filed by the owner of property in the district, which according to the estimates, will be required to bear more than fifty percent (50%) of the cost thereof, no resolution determining to proceed with the improvement shall be adopted, except by the affirmative vote of five (5) members of the Council.

(Ord. No. 833A, Sec. 6, 11-20-95)

Sec. 72-7. Additional procedures.
In any case where this ordinance proves insufficient to carry in to full effect the making of any special assessment, the City Council shall provide, in the resolution authorizing the improvement as required in Section 6, any additional steps or procedures which the Council deems necessary or proper to the completion of a particular special assessment project.

(Ord. No. 833A, Sec. 7, 11-20-95)

Sec. 72-8. Special assessment roll.

The City Assessor shall thereupon prepare the special assessment roll in which shall be entered and described all the lots and parcels of land to be assessed, with the names of the respective owners thereof, if known, and the amount to be assessed against each such lot or parcel of land, which amount shall be such relative portion of the whole sum to be levied against all the lots and parcels of land in the special assessment district as the benefit to such lot or parcel of land bears to the total benefits of all lots and parcels of land in the special assessment district. There shall also be entered upon said roll the amount which has been assessed to the City at large. When the City Assessor shall have completed the assessment roll, he shall file the same with the office of the City Clerk after first having affixed thereto a certificate stating that it was made pursuant to a resolution of the Council of said City adopted on a specified date and that in making such assessment rolls, according to the Assessor’s best judgment, conforms in all respects to the directions contained in such resolution and to the Charter of the City.

(Ord. No. 833A, Sec. 8, 11-20-95)

Sec. 72-9. Meeting/hearing on the special assessment roll; notice and objections.

(a) Upon receipt of the special assessment roll, the City Clerk shall present the assessment roll to the City Council which shall by resolution order it filed with the office of the City Clerk for public examination, shall fix the time, date and place when the City Council shall meet and conduct a public hearing for purposes of hearing objections and of reviewing and acting upon such roll, and shall direct the City Clerk to give notice of such meeting and hearing.

(b) Such notice shall state that the special assessment roll is on file with the City Clerk for public examination and shall contain all other information required under 1962 PA 162, as amended, (MCL 211.741, et seq.). Such notice shall be given in the manner provided under 1962 PA 162, as amended. The City Clerk shall also cause such notice to be published once in a newspaper of general circulation in the City not less than ten (10) days prior to the date of the meeting and hearing. The City Clerk shall make, obtain and retain in the City’s records an affidavit of mailing and proof of publication showing that notice was given and published as required. The meeting and hearing required under this section may be adjourned by the City Council from time to time without further notice. In the event of any failure to give notice as provided in this section, the provisions of Section 4 of 1962 PA 162, as amended, shall apply.

(c) An owner or a party in interest in real property affected by the assessment roll, or any agent of such person, may present that person’s objections to the assessment roll, specifying the reasons for such objections, by appearing in person at the public hearing or by filing with the City Clerk prior to the close of the hearing a written appearance and objection to the assessment roll. The City Clerk shall keep a record of all those persons who have appeared and objected as provided above.
(d) The City Council shall meet at the time, date and place designated, and at such meeting, or at proper adjournment of such meeting, shall conduct the public hearing for persons to present objections, and shall review and act upon the assessment roll. The City Council by resolution may confirm the assessment roll or may correct the roll as to any special assessment, any description of land or any other errors appearing in such roll and confirm it as corrected. The City Council may also, by resolution, annual the assessment roll and direct that a new roll be prepared, in which case Sections 72-8 and 72-9 shall be followed with respect to such new assessment roll.

(e) If, after hearing all objections and making a record of such changes as the City Council deems justified, the City Council is satisfied with the Assessment roll as submitted by the assessor or as corrected by it, the City Council shall pass a resolution confirming such roll. The City Clerk shall endorse the date of confirmation on such assessment roll. Upon such confirmation, the special assessment roll and all assessments contained in it shall be final and conclusive for the purpose of the improvement to which it applies, subject only to adjustment as provided in Sections 79-15 and 19-17.

(Ord. No. 833A, Sec. 9, 11-20-95; Ord. No. 853, Sec. 2, 2-2-98)

Sec. 72-10. Resolution confirming roll; installment payments.

In the resolution confirming the roll, the Council shall fix the date upon which the special assessment, or the first installment thereof if installment payments are allowed, shall be due and payable; the number of annual installments [not exceeding fifteen (15)] in which the special assessment may be paid; and the rate of interest to be charged upon all deferred installments form a stated date. The amount of interest to be charged shall not exceed twelve percent (12%) per annum where the City has issued no bonds or other obligations in anticipation of the special assessment. Where the City has issued obligations in anticipation of the special assessment, the interest rate shall be sufficient to pay the principal and interest on the obligations, but not to exceed a rate of more than one percent (1%) above the average rate of interest borne by the obligations. The amount of each installment, if more than one (1), need not be extended upon the special assessment roll until after confirmation. Deferred installments, together with interest on all unpaid installments, shall be due at intervals of twelve (12) months from the due date of the first installment or from such other date as the Council shall fix. Any one (1) or more installments may be paid to the City Treasurer at any time, together with interest and penalties on all unpaid installments accrued to the date of payment. If any installment of a special assessment is not paid when due, then the same shall be deemed to be delinquent; and there shall be collected thereon, in addition to interest as above provided, a penalty as set forth in City Charter Section 11.3. The City’s portion of the cost of any improvement may be divided into installments the same as the assessments against lands in the district, and in such case the provisions of this chapter relative to such installments shall apply to the city installments insofar as they are applicable.

(Ord. No. 833A, Sec. 10, 11-20-95)

Sec. 72-11. Assessment to be lien on property.

Upon the confirmation of each special assessment roll, the special assessments thereon shall become a debt to the city from the persons to whom they are assessed and, until paid, shall be a lien upon the property assessed, for the amount of such assessments and all interest and charges thereon. Such lien shall be of the same character and effect as created by the City.
Charter for city taxes. No judgment or decree, nor any act of the Council vacating a special assessment, shall destroy or impair the lien of the city, upon the premises assessed, for such amount of the assessment as may be equitably charged against the same or as by a regular mode of proceeding might be lawfully assessed thereon.

(Ord. No. 833A, Sec. 11, 11-20-95)

Sec. 72-12. Collection.

When any special assessment shall be confirmed, the Council shall direct the assessments so made in the special assessment roll to be collected. The City Clerk shall thereupon deliver to the City Treasurer said special assessment roll to which he shall attach his warrant commanding the City Treasurer to collect from each of the persons assessed in said roll the amount of money each of the persons assessed to and set opposite his name therein. Upon receiving such special assessment roll and warrant, the City Treasurer shall proceed to collect the several amounts assessed therein.

(Ord. No. 833A, Sec. 12, 11-20-95)

Sec. 72-13. Delinquent assessments.

In addition to any other remedies and without impairing the lien therefore, any delinquent special assessment, together with interest and penalties, may be collected in an action of assumpsit in the name of the City, against the person assessed, in any court having jurisdiction of the amount. If in any such action it shall appear that by reason of any irregularities or informalities the assessment has not been properly made against the Defendant or upon the premises sought to be charged, the court may, nevertheless, on satisfactory proof that expense has been incurred by the City, which is a proper charge against the Defendant or the premises in question, render judgment for the amount properly chargeable against such Defendant or upon such premises.

(Ord. No. 833A, Sec. 13, 11-20-95)

Sec. 72-14. Division of lands after assessments.

Should any lot or parcel of land be divided after a special assessment thereon has been confirmed and before the collection thereof, the Council may require the Assessor to apportion the uncollected amounts upon the several parts of such lot or parcels of land. The report of such apportionment, when confirmed, shall be conclusive upon all parties, provided that, before such confirmation, notice of hearing shall be given to all the interested parties by personal service or by publication and mailing as above provided in case of an original assessment roll.

(Ord. No. 833A, Sec. 14, 11-20-95)

Sec. 72-15. Additional assessments; limit.

Additional pro rata assessments may be made when any special assessment roll proved insufficient to pay for the improvement for which it was levied and the expenses incidental thereto or insufficient to pay the principle and interest on bonds issued in anticipation of such assessment roll, provided that the additional pro rata assessment shall not exceed twenty-five percent (25%) of the assessment as originally confirmed, unless a meeting of the Council is
held to review such additional assessment, for which meeting notices shall be published and mailed as provided in the case of review of the original special assessment roll by the Board of Review as set forth in Section 72-9.

(Ord. No. 833A, Sec. 15, 11-20-95)

Sec. 72-16. Invalid assessments; reassessment to be made.

Whenever any special assessment shall, in the opinion of the Council, be invalid by reason of irregularity or informality in the proceedings, or if any court of competent jurisdiction shall adjudge such assessment to be illegal, the Council shall, whether the improvement has been made or not or whether any part of the assessment has been paid or not, have power to cause a new assessment to be made for the same purpose for which the former assessment was made. All proceedings on such reassessment and for the collection thereof shall be conducted in the same manner as provided for in the original assessment except as to correction in the proceedings required to make the assessment legal. Whenever any sum or part thereof levied upon any property in the assessment so set aside has been paid and not refunded, the payment so made shall be applied upon the reassessment; if the payments exceed the amount of the reassessment, refunds shall be made.

(Ord. No. 833A, Sec. 16, 11-20-95)

Sec. 72-17. Special assessment account; disposition of excess funds.

Moneys raised by special assessment for any public improvement shall be credited to a special assessment account and shall be used to pay for the costs of the improvement for which the assessment was levied and of expenses incidental thereto, to repay any principal or interest on money borrowed therefore and to refund excessive assessments. Should the amount collected on assessments prove larger than necessary by less than five percent (5%) or the amount of the original roll, the Council may place the excess in any of the funds of the City, but if the excess shall exceed such five percent (5%), the same shall be credited pro rata on the assessments against the several parcels of lands according to the amounts thereof, such credit as to each parcel to be made upon the unpaid installments to inverse numerical order, provided that, if as to any parcel there shall be no unpaid installments or if the unpaid installments are less than the amount of the credit, then such total or surplus amount of credit shall be applied toward payment of the next city tax levied against such property. If the city shall have been assessed for any portion of the cost of the improvement, then it shall be considered in the same category as the owner of private lands and shall be entitled to its share of any such excess, provided that any amount due the city, which in case of private lands would be applied to the payment of city taxes, shall be refunded to the city in cash.

(Ord. No. 833A, Sec. 17, 11-20-95)

Sec. 72-18. Collection of expenses incurred on single premises.

(a) When any expense shall have been incurred by the city upon or in respect to any single parcel of property, which expense is chargeable against that parcel of property and its owner under the provisions of the City Charter, this ordinance or the laws of the State of Michigan, and it is not of the class required to be pro rated among several lots and parcels of land in a special assessment district, and account of the costs or the labor, material or services for which such expense was incurred, verified by the City manager, with a description of the lot and the name

property to be assessed and such bills shall notify such owner, in the manner and form set forth
in MCL 211.741, et seq, as amended, stating the time the City Council will meet, not sooner
than ten (10) days thereafter, for the purpose of adopting a resolution confirming a special
assessment upon the parcel for such charges, unless the same are paid prior to the date of
such meeting. Upon adoption of such a resolution, the City Council may establish a due date,
authorize installment payments, establish interest collection fees and penalties for late payment
as provided for in this ordinance.

(b) Upon the adoption of a resolution confirming a special assessment, the City Treasurer
shall give notice to all persons chargeable. Such notice shall be sent by first-class mail to the
last known addresses of such persons as shown on the assessment roll of the city. Such notice
shall state the basis for the assessment and the amount thereof and shall give a reasonable
time, not less than fifteen (15) days, within which payment shall be made to the City Treasurer
unless installment payments are authorized in the resolution.

(c) In all cases where payment is not made within the time set forth in the notice, the
assessment shall become collectible as any special assessment establish pursuant to this
ordinance. The resolution referred to in this section shall be treated as a confirmation of a
special assessment role in the same manner as set forth in Section 72-10 above.

(d) A property owner may waive notice under this section, and enter into a voluntary
acceptance of the resolution confirming the special assessment.

(Ord. No. 833A, Sec. 18, 11-20-95)

Sec. 72-19. Homestead property; deferred collection.

Upon application to the City Assessor, the owner of a homestead who is sixty-five (65)

In their interpretation and application the provisions of this chapter shall be held to be minimum requirements adopted for the promotion of public health, safety, convenience and general welfare. It shall be administered to ensure orderly growth and development, to conserve, protect and adequately provide for circulation, utilities, and services, all with a view to conserving the value of property and encouraging the most appropriate use of land in the city and its service area.

(Code 1965, Sec. 22.02)

Sec. 78-2. Administration of chapter.

This chapter shall be administered by the council. The rules, regulations and standards imposed by this chapter shall be considered to be the minimum requirements for the protection of the public health, safety and welfare of the citizens of the city, and in interpreting and applying them the council shall give primary consideration to these factors.

(Code 1965, Sec. 22.13)

Sec. 78-3. General provisions for all subdivisions.

The provisions of this section apply to all subdivisions.

(1) Master plan. All subdivisions shall conform whenever possible to the provisions and conditions of the master plan for future development of the city.

(2) Streets. All streets shall conform in width, direction and alignment with the official map mentioned in section 78-6 and shall connect with existing streets shown thereon with a minimum of jogs or sharp angles. Curving streets shall have minimum radii of 200 feet, and the minimum width of street easements shall be 60 feet. In case of streets which may be required for arterial use, a greater width easement may be required by the council.

(3) Dead-end streets. Dead-end streets shall not exceed 800 feet in length unless an outlet with minimum of 60 feet width is provided when required. There shall be a turnaround roadway with a minimum outside curb radius of 50 feet at the closed end.

(4) Block lengths. No block shall exceed 1,000 feet in length. Outlets may be required at a lesser length if deemed necessary by the planning commission and ten-foot or more pedestrian crosswalks or utility easement may be required.

(5) Reserve strips. No subdivision showing reserve strips controlling access to streets shall be approved except where the control and disposal of land comprising such strip has been placed in the city or the county road commission under conditions approved by the city.

(6) Street grades. No street grade shall be less than one-half of one percent, nor greater than seven percent, except in special instances where the topography of
the land to be subdivided is such as to make it impossible to otherwise develop such land. Nonpassing sight distance shall be at least 300 feet.

(7) *Suitability.* Where there is a question as to the suitability of a lot for their intended use due to factors such as rock formations, flood conditions or similar circumstances, the planning commission may, after adequate investigation, withhold approval of such lots.

(8) *Easements.* Where a subdivision is traversed by a watercourse, drain or stream, there shall be provided a stormwater easement or drainage right-of-way conforming substantially with lines of the watercourse, and such further width for construction as deemed adequate by the city engineer, county road commission, and the county drain commission.

(9) *Public sites and open spaces.* Where a proposed park, playground, school or other public use shown in the community plan is located in whole or in part in a subdivision, the planning commission shall bring the same to the attention of the platter and discuss the question of acquiring such areas by dedication or reservation.

(10) *Monuments.* Monuments shall be placed at all block corners, angle points, points of curves in streets and at intermediate points as may be required by the city engineer. Monuments shall be of such material, size and length as approved by the city engineer.

(11) *Business and industrial subdivisions.* Where land is subdivided to be used for business or industrial purposes permitted by the zoning regulations, the services and improvements to be required shall be fixed by the planning commission with reference to the use and density of the subdivided area and the type of business or industrial activity to be carried on in the subdivided area in accordance with the provisions of section 78-7, specifications as to size, location, etc., to be established by the city engineer.

(12) *Street names.* All names will be subject to approval of the planning commission and may be required to conform with the county numbering system.

(Code 1965, Sec. 22.12)

**Sec. 78-4. Procedure for approval.**

(a) *Sketch plats.* A sketch plat of a subdivision may be submitted to the planning commission for preliminary plat discussion before the preliminary plat is prepared. This step is recommended. The sketch plat is designed to enable the planning commission and the applicant to discuss principles involved before the applicant has gone to the expense of completing detailed engineering drawings. The planning commission will act on such plat, and if satisfactory, give sketch plat approval. This approval will not be binding, and will be subject to change, but will enable the applicant to proceed on a reasonable, sound basis. Sketch plat approval does not carry the authority to proceed with construction.
(b) Preliminary plats.

(1) At least four black on white prints of a preliminary plat shall be submitted to the city clerk two weeks before the regular planning commission meeting at which the plat’s consideration is desired. This preliminary plat shall show the details and contain the information required in section 78-5.

(2) The planning commission shall consider the preliminary plat and shall require any such changes or modifications of the preliminary plat to be made as are necessary to make such plat comply with the provisions of this chapter and shall return it to the subdivider for compliance. If the preliminary plat as originally submitted, or as changed or modified, as required by the planning commission, meets the requirements of this chapter, the planning commission shall give it tentative approval. It shall then be referred to the council for tentative approval, and, upon tentative approval of the council, the city clerk shall affix his signature to it with the notation that it has received council tentative approval and it shall then be returned to the subdivider for compliance with final approval requirements.

(3) Tentative approval by the council shall give applicant the following rights for a one-year period from the date of approval:

a. The general terms and conditions under which the tentative approval was granted will not be changed by the city.

b. The applicant may submit on or before the expiration date the whole or parts of the tentatively approved plat for final approval.

(c) Final approval. Within one year from the date of tentative approval, four copies of the final plat shall be submitted to the city clerk at least five days prior to a regular meeting of the council. Before receiving final approval, the subdivider shall show that he has made agreements for the installation of the services and improvements required by section 78-6 through section 78-12. A fee of $1.00 for each lot within the plat, but not to exceed a total of $40.00, shall be paid to the city at the time of filing the final plat for final approval. If, in the opinion of the council, the final plat meets the requirements of Act No. 288 of the Public Acts of Michigan of 1967 (MCL 560.101 et seq., MSA 26.430(101) et seq.), as amended, and of this chapter, it shall give it final approval, and a notation to that effect shall be made on each plat, signed by the city clerk.

(Code 1965, Sec. 22.03)

Cross reference(s)—Approval of plats, Sec. 62-37.

Sec. 78-5. Details to be shown on plats.

(a) Preliminary plat. The preliminary plat shall be designed in compliance with the provisions of section 78-6, be drawn accurately to a scale of preferably not more than 100 feet to the inch, and shall show or be accompanied by the following information:

(1) A key map showing the platted area in relation to the surrounding areas.
(2) Plans of proposed utility layouts (sewers, storm drains and water) showing connections to any existing or proposed utility systems. Contour lines shall be shown on this map. If no public sewage disposal system is available, percolation tests or test holes shall be made as directed by the city engineer or the health department having jurisdiction, and the results shall be submitted with the preliminary plat.

(3) The proposed use of the individual lots in the platted area.

(4) The dimensions and area of the individual lots and their average frontage and area.

(b) Final plat. The final plat shall be prepared as required by the subdivision control act, being Act No. 288 of the Public Acts of Michigan of 1967 (MCL 560.101 et seq., MSA 26.430(101) et seq.), as amended.

(Code 1965, Sec. 22.04)

Sec. 78-6. Lot sizes in relation to improvements.

(a) General provisions. It is the intent of this chapter to ensure that the density of all future subdivision development shall be directly related to carefully selected service areas shown on the service area map as primary, secondary, private and industrial service areas. The map is incorporated into and made a part of this chapter by reference. A copy of the map shall be kept on file in the clerk's office. Primary service areas are those areas in the city and the surrounding area which were on October 7, 1963, provided with or where the city has agreed it will provide public sewer, public water and public electric services. Secondary service areas are those areas in the city and the surrounding area which are now provided with or where the city has agreed it will provide public water and electric services but not public sewer services. Private service areas are those areas where neither public water nor public sewer are provided and where there are no agreements or plans to provide such services. The nonresidential service area is reserved for industrial use. For the purpose of this chapter, subdivisions shall be classified as complete utility, partial utility, potential utility or private service subdivisions. For reasons of health and sanitation, the minimum required area of each lot shall vary according to the type of subdivision, the minimum requirements increasing as the availability of the various public services decreases. In this way, it is hoped that, with the future development of the city and the increasing concentration of population, serious dangers to health will be avoided.

(b) Complete utility subdivision--primary service area. A complete utility subdivision is a subdivision in the primary service area in which arrangements have been made for both public water service and sewage disposal by a public utility system and for the other city services required by this chapter. The minimum average frontage of lots in such subdivision at the building line shall be 70 feet, and the minimum average lot area 8,400 square feet.

(c) Partial utility subdivision--primary service area. A partial utility subdivision is a subdivision in which arrangements have been made for either public water service or sewage disposal by a public utility system, but not for both, and for the other city services required by this chapter in primary service areas. The minimum average lot frontage of all lots in such subdivisions at the building line shall be 80 feet, and the minimum lot area shall be 10,000 square feet.
(d) **Potential utility subdivision--primary service area.** A potential utility subdivision is a subdivision in which at the time of platting neither public water nor sewage disposal by a public utility system can be immediately obtained, but where other city services required by this chapter for partial utility subdivisions are provided. If the potential utility subdivision is located in a primary service area so that it is known that both public water and sewage disposal by a public utility system will eventually become available, the minimum average frontage of all lots at the building line shall be 90 feet and the minimum lot area shall be 13,500 square feet.

(e) **Potential utility subdivision--secondary service area.** If a potential utility subdivision is located in a secondary service area, where it is or can be served with public water but not with sewage disposal by a public utility system, the minimum average frontage of all lots at the building line shall be 110 feet and the minimum lot area shall be 18,000 square feet.

(f) **Private service subdivision--private service area.** A private service subdivision is one located outside of either the established primary or secondary service areas so that neither public water or sewage disposal by a public utility system is furnished or contemplated and there are no plans or agreements by any utilities to serve them with water or sewers. The minimum average frontage of lots at the building line shall be 165 feet, and the minimum lot area shall be 35,000 square feet.

(Code 1965, Sec. 22.05)

**Sec. 78-7. Improvements required in complete utility subdivisions.**

Prior to the granting of final approval for a complete utility subdivision, the subdivider shall either have agreements with the city for the installation of the improvements listed in this section or, in lieu of agreements, provide bonds to install such improvements within three years. The following improvements are required:

1. **Pavement and curbs.** A 36-foot graded street, surfaced according to city specifications with asphalt or an equally satisfactory surfacing with concrete curbs and gutters, as approved by the city engineer.

2. **Water.** A public water supply of sufficient size, approved by the city engineer, available to each lot within the subdivision, together with a contract for the installation and maintenance and operation of approved fire hydrants in locations approved by the city.

3. **Sewers and drainage.** Adequate provision shall be made for culverts, catch basins, storm sewers and sanitary sewers properly connected to or provisions made for connection to an approved system, as approved by the city engineer.

4. **Sidewalks.** Five-foot sidewalks shall be installed by the developer in accordance with specifications of the city, subject to inspection and approval by the city engineer.

5. **Shade trees.** Shade trees, at least one to a lot, but not closer than 50 feet from trunk to trunk, of a type, size and location approved by the city engineer.
(6) **Topsoil.** No topsoil shall be removed from the site or used as spoil. Topsoil moved during the course of construction shall be distributed and stabilized by seeding or planting as specified by the city engineer.

(7) **Street names.** Signs shall be placed at all intersections within or abutting the subdivision. Type and location shall be approved by the city engineer.

(Code 1965, Sec. 22.06)

**Sec. 78-8. Improvements required in partial utility subdivisions.**

In a partial utility subdivision the same improvements are required as in a complete utility subdivision except that:

(1) If a public utility water system is not available, in lieu of the requirements of section 78-7(2), individual wells may be used provided the location and construction of the wells are approved by the city engineer or the health department having jurisdiction; or

(2) If the services of a public utility sanitary sewer system are not available, in lieu of requirements of section 78-7(3), sewage disposal installations may be used, provided they are approved by the city engineer or the health department having jurisdiction.

(Code 1965, Sec. 22.07)

**Sec. 78-9. Variations in complete and partial utility subdivisions.**

If the average width of all lots in a complete or partial utility subdivision in the primary service area exceeds 90 feet, improvement standards may vary with the density of development to encourage larger lot sizes as follows: A five-foot sidewalk on one side of the street may be permitted instead of two sidewalks.

(Code 1965, Sec. 22.08)

**Sec. 78-10. Improvements required in potential utility subdivisions.**

The following improvements are required in a potential utility subdivision:

(1) **Pavement and curbs.** Same as section 78-7.

(2) **Sidewalks.** Same as section 78-9.

(3) **Other provisions.** Arrangements shall be made at the time the plat receives final approval for the future installation of both public water and sewage disposal by a public utility system in the primary service area and future installation of public water by a public utility system in the secondary service area. Installation of fire hydrants, adequate storm sewers and topsoil protection as called for in section 78-7 are required. Performance or cash bonds may be required to ensure compliance.
(Code 1965, Sec. 22.09)

Sec. 78-11. Variations in potential utility subdivisions.

If the average width of all lots in a potential utility subdivision in the secondary service area exceeds 150 feet and the average lot area exceeds 30,000 square feet, the planning commission may vary these standards in proportion to increased lot sizes as follows: Sidewalk provisions may be waived unless needed to provide access to schools or to continue a walk on an existing street.

(Code 1965, Sec. 22.10)

Sec. 78-12. Improvements required in private service subdivisions.

The following improvements are required in a private service subdivision: Roads. A properly graded, drained and seal coated road, as approved by the city engineer, with a minimum width of 24 feet, valley gutters and with concrete, curbs and gutters at the intersections shall be provided.

(Code 1965, Sec. 22.11)

Sec. 78-13. Variances.

(a) If the subdivider can clearly demonstrate that literal enforcement of this chapter is impractical or will impose undue hardship in the use of his land because of peculiar conditions pertaining to his land, the council may permit such variance as, in its sound discretion, it believes to be reasonable and within the general purpose and policy of this chapter.

(b) In making the findings required in subsection (c) of this section, the council shall consider the location and condition of the proposed subdivision, the nature of the proposed variance, as compared with the existing use of land in the vicinity, the number of persons to reside or work in the proposed subdivision, and the probable effect of the proposed subdivisions and variances on traffic conditions in the vicinity.

(c) No variance shall be granted unless the council finds that:

(1) There are special circumstances or conditions affecting the property such that the strict application of the provisions of this chapter would deprive the applicant of the reasonable use of his land.

(2) The variance is necessary for the preservation and enjoyment of a substantial property right of the applicant.

(3) The granting of the variance will not be detrimental to the public welfare or be injurious to property in the area in which the property is situated.

(d) A petition for any such variance shall be submitted in writing by the subdivider at the time when the preliminary plat is filed for the consideration of the planning commission. The petition shall state fully the grounds for the application and all of the facts relied upon by the petitioner.

ARTICLE I. IN GENERAL

Sec. 82-1. Findings of fact.

The city finds that a significant number of traffic arrests and traffic accidents in the city involve drivers who were operating a motor vehicle while under the influence of alcohol and/or controlled substances. In addition, the city finds that in traffic accidents involving drivers who were operating a motor vehicle while under the influence of alcohol and/or controlled substances there is a greater likelihood of personal injury and property damage. As a result of these determinations, a greater operational and financial burden is placed upon the city’s police, firefighting and rescue services by persons who are operating a motor vehicle while under the influence of alcohol and/or controlled substances.

(Ord. No. 771, Sec. 1, 9-21-92)

Sec. 82-2. Emergency responses.

(a) Definitions. The following words, terms and phrases, when used in this section, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Emergency response means the dispatching of police personnel and equipment, firefighters and equipment or emergency medical personnel and equipment or any combination thereof to the scene of an incident.

Expense of an emergency response means the actual and reasonable costs incurred by the city in making an appropriate emergency response to the incident, including the costs of providing police, firefighting, rescue and emergency medical services at the scene of the incident, but shall include only those costs directly arising because of the response to the particular incident.

Incident means an occurrence, accident or situation caused by the negligent operation of a motor vehicle while the driver was under the influence of alcohol and/or drugs which results in injury to a person, including the driver, or property.

Wrongful conduct means conduct causing injury to any person or property or conduct in violation of local ordinance or state statute.

(b) Negligent operation of motor vehicle; influence of alcohol and/or drugs; wrongful conduct; liability. Any person who is under the influence of alcohol or any drug, or the combination of alcohol and drugs, whose negligent operation of a motor vehicle while under that influence proximately causes any incident requiring and resulting in an emergency response, and any person whose wrongful conduct proximately causes any incident requiring and resulting in an emergency response shall be liable for the expenses of an emergency response by the city to the incident.

(c) Influence of alcohol or drug; inability to operate motor vehicle; presumptions. For purposes of this section, a person is under the influence of alcohol or any drug, or the combined influence of alcohol and drugs, when his physical and/or mental abilities are impaired to a degree that he no longer has the ability to operate a motor vehicle with the caution and care
characteristic of a sober person of ordinary prudence. For purposes of this chapter, the presumptions contained in MCL 257.625 et seq., MSA 9.2325, shall apply.

(d) **Charge against person liable; collection of debt.** The expenses of an emergency response shall be charged against the person violating subsection (b) of this section. The charge constitutes a debt of that person to the city and is collectable by the city in the same manner as in the case of an obligation under a contract, expressed or implied, except that liability for the expenses provided for in this section shall not be insurable, and no insurance policy shall provide or pay for the expenses.

(e) **Billing.** The chief of police, or his designee, may within ten days of receiving itemized costs, or any part thereof, incurred for an emergency response, submit a bill for these costs by first class mail or personal service to the person liable for the expenses, as enumerated under this chapter. The bills shall require full payment in 30 days from the date of service.

(f) **Failure to pay; city attorney to sue to recover.** Any failure by a person described in this section as liable for the expenses of an emergency response to pay the bill submitted by the city treasurer within 30 days of service of the bill shall render such matter in default. The city attorney or his designate shall commence a civil suit on behalf of the city to recover the expenses, court costs and attorney fees.

State law reference(s)--Authority for city to adopt ordinance to collect emergency costs, MCL 41.806a, MSA 5.2640(6a).

**Sec. 82-3. Authorized truck routes.**

(a) Trucks and other commercial vehicles may operate only on the following streets in the city:

1. U.S. 31 Business Route, being LaGrange Street from south city limits to Phillips Street; Phillips Street from intersection with LaGrange Street to Broadway; Broadway from intersection with Phillips Street to Conger Street; Dyckman Avenue, North Shore Drive from intersection with Dyckman Avenue north to city limits.

2. M-43, being Bailey Avenue from south city limits north to Phillips Street; Phillips Street from Bailey Avenue to intersection with LaGrange Street.

3. Phoenix Street from intersection with Broadway east to city limits.

4. Aylworth Avenue from LaGrange Street to Indiana Avenue.

5. Water Street from the west to intersection of Water Street with Kalamazoo Street; Kalamazoo Street from the intersection with Water Street and Phoenix Street, north to the junction with Williams Street (Williams Street is designated on the plat as being Water Street but is now known as Williams Street); thence northerly on Williams Street (formerly Water Street) to the junction with Dyckman Avenue.
(6) Indiana Avenue at the intersection of Aylworth Avenue north to Edgell Street, then west to the end.

(7) Elkenburg Street at the intersection of Indiana Avenue, west to St. Joseph Street.

(8) Kalamazoo Street at south city limits north to the intersection of Aylworth Avenue.

(9) Aylworth Avenue at the intersection of Bailey Avenue (M-43) west to LaGrange Street (Business I-196).

(10) Dunkley Avenue at the intersection of Dyckman Avenue north, then east to East Wells Street, continuing east to U.S. 31 (Blue Star Memorial Highway).

(b) Trucks and other commercial vehicles whose weight, plus the weight of the load being carried, is more than 10,000 pounds are prohibited from operation on all of the streets of the city, except on those streets named in this section; provided, however, that such prohibition shall not apply to such trucks or other commercial vehicles while actually being used and operated to make a bona fide delivery or pickup on a restricted street; provided further that any such truck or other commercial vehicle shall operate on a nonrestricted street to a point as close as practicable to such point of delivery or pickup before entering a restricted street to make such delivery or pickup on a restricted street, and shall then return to the nearest nonrestricted street by using the shortest practicable route.

(c) Appropriate signs shall be erected designating restricted streets.

(d) Any person who shall operate or cause to be operated a truck or other commercial vehicle in violation of any of the provisions of this section shall be guilty of a misdemeanor and upon conviction shall be subject to the penalties prescribed in section 1-13.

(Code 1965, Sec. 41.05)

Sec. 82-4. Vehicle insurance.

(a) Evidence of vehicle insurance; production upon request of police officer. The owner of a motor vehicle who operates or permits the operation of the motor vehicle upon the streets of this city or the operator of the motor vehicle shall produce, pursuant to subsection (b) of this section, upon the request of a police officer, evidence that the motor vehicle is insured under chapter 31 of Act No. 218 of the Public Acts of Michigan of 1956 (MCL 500.1301 et seq., MSA 24.13101 et seq.), as amended. An owner or operator of a motor vehicle who fails to produce evidence under this subsection when requested to produce that evidence is responsible for a civil infraction.

(b) Certificate of insurance, prima facie evidence of insurance; contents. A certificate of insurance, if issued by an insurance company, which certificate states that security which meets the requirements of sections 3101 and 3102 of Act No. 218 of the Public Acts of Michigan of 1956 (MCL 500.3101, 500.3102, MSA 24.13101, 24.13102), as amended, is in force, shall be accepted as prima facie evidence that insurance is in force for the motor vehicle described in the certificate of insurance until the expiration date shown on the certificate. The certificate, in addition to describing the motor vehicles for which insurance is in effect, shall state the name of
each person named on the policy, policy declaration, or a declaration certificate whose operation of the vehicle would cause the liability coverage of that insurance to become void.

(c) **Violation; penalty.** If an owner of a motor vehicle is determined to be responsible for a violation of subsection (a) of this section, the court in which the civil infraction determination is entered may require the person to surrender his operator’s or chauffeur’s license unless proof that the vehicle has insurance meeting the requirements of section 3102 of Act No. 218 of the Public Acts of Michigan of 1956 (MCL 500.3102, MSA 24.13102), as amended, is submitted to the court. If the court requires the license to be surrendered, the court shall order the secretary of state to suspend the person’s license and shall forward the surrendered license and a certificate of civil infraction to the secretary of state. (d) Bond Requirement. Pursuant to Section 15(3) of the Act, and without limitation on subsection (c) above, the City Manager may require that a bond be posted by the telecommunications provider as a condition of the permit. If a bond is required, it shall not exceed the reasonable cost to ensure that the public right-of-way is returned to its original condition during and after the telecommunications provider’s access and use.

(Ord. No. 907, 11-18-02)

Sec. 129-6. Construction/Engineering Permit.

A telecommunications provider shall not commence construction upon, over, across, or under the public rights-of-way in the City without first obtaining a construction or engineering permit as required under law for construction within the public rights-of-way. (Ord. No. 907, 11-18-02)

Sec. 129-7. Conduit or Utility Poles.

Pursuant to Section 6(7) of the Act, a telecommunications provider shall, within 90 days after the substantial completion of construction of new telecommunications facilities in the City, submit route maps showing the location of the telecommunications facilities to both the MPSC and to the City. A telecommunications provider undertaking an excavation or construction or installing telecommunications facilities within a public right-of-way or temporarily obstructing a public right-of-way in the City, as authorized by a permit, shall promptly repair all damage done to the street surface and all installations under, over, below, or within the public right-of-way and shall promptly restore the public right-of-way to its preexisting condition.

(Ord. No. 907, 11-18-02)

Sec. 129-10. Establishment and Payment of Maintenance Fee.

Sec. 129-11. Modification of Existing Fees.

In compliance with the requirements of Section 13(1) of the Act, the City hereby modifies, to the extent necessary, fees charged to telecommunications providers after November 1, 2002, the effective date of the Act, relating to access and use of the public rights-of-way, to an amount not exceeding the amounts of fees and charges required under the Act, which shall be paid to the Authority. In compliance with the requirements of Section 13(4) of the Act, the City also hereby approves modification of the fees of providers with telecommunication facilities in public rights-of-way within the City’s boundaries, so that those providers pay only those fees required under Section 8 of the Act. The City shall provide each telecommunications provider affected by the fee a copy of this chapter, in compliance with the requirement of Section 13(4) of the Act. To the extent any fees are charged telecommunications providers in excess of the amounts permitted under the Act, or which are otherwise inconsistent with the Act, such imposition is hereby declared to be contrary to the City’s policy and intent, and upon application by a provider or discovery by the City, shall be promptly refunded as having been charged in error.

Sec. 129-12. Savings Clause.

Pursuant to Section 13(5) of the Act, if Section 8 of the Act is found to be invalid or unconstitutional, the modification of fees under Section 129-11 above shall be void from the date the modification was made.

Sec. 129-13. Use of Funds.

Pursuant Section 10(4) of the Act, all amounts received by the City from the Authority shall be used by the City solely for rights-of-way related purposes. In conformance with that requirement, all funds received by the City from the Authority shall be deposited into the Major Street Fund and/or the Local Street Fund maintained by the City under Act No. 51 of the Public Acts of 1951.

Pursuant to Section 10(5) of the Act, the City Manager shall file an annual report with the Authority on the use and disposition of funds annually distributed by the Authority.

Sec. 129-15. Cable Television Operators.

Pursuant to Section 13(6) of the Act, the City shall not hold a cable television operator in default or seek any remedy for its failure to satisfy an obligation, if any, to pay after November 1, 2002, the effective date of this Act, a franchise fee or similar fee on that portion of gross
revenues from charges the cable operator received for cable modem services provided through broadband internet transport access services.

(Ord. No. 907, 11-18-02)
